ADDITIONAL TOOLS (Not Provided)

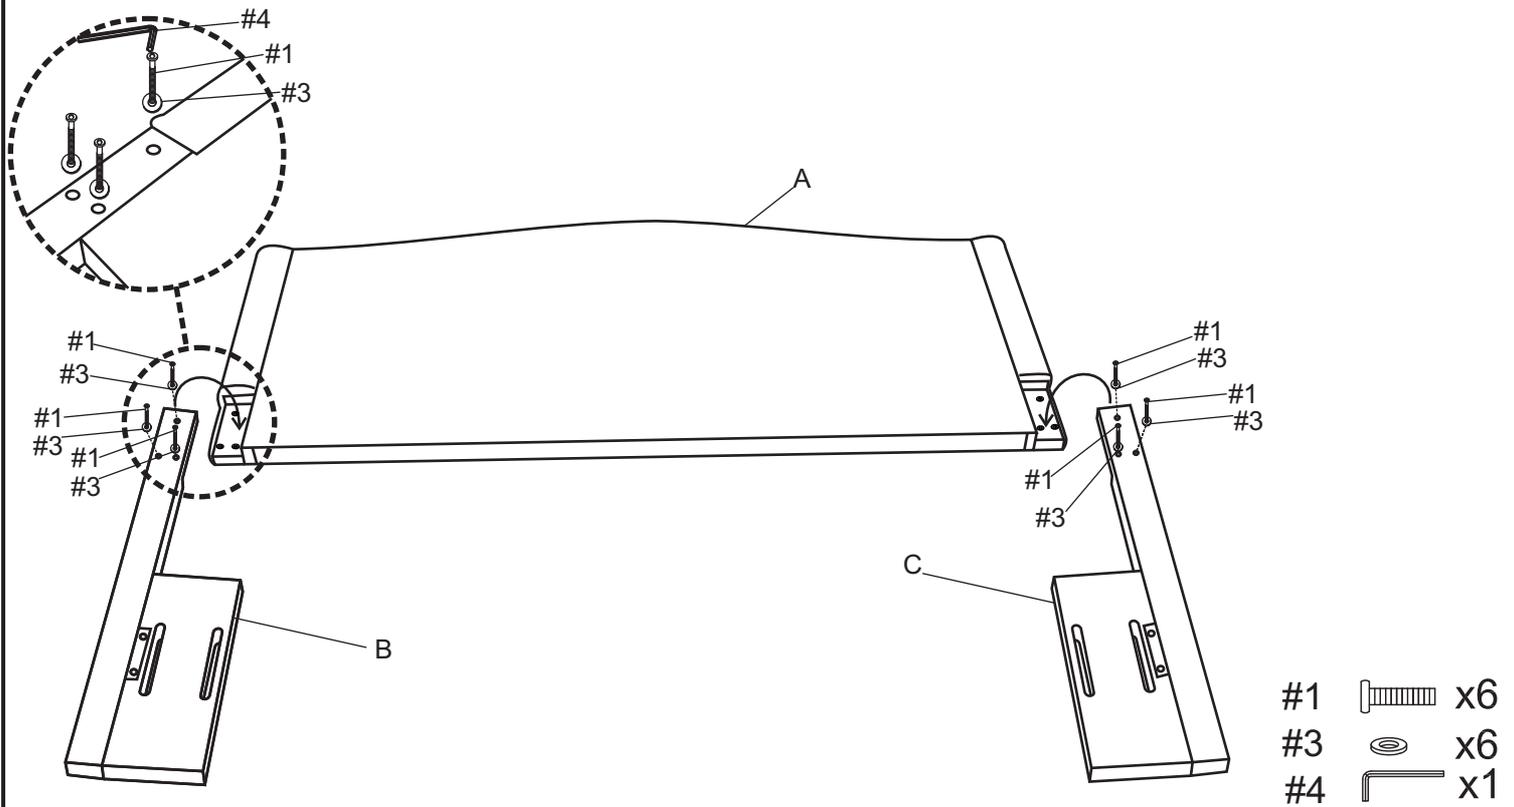

Note : It is not recommended to use power tools during assembly.

Phillips Head Screwdriver

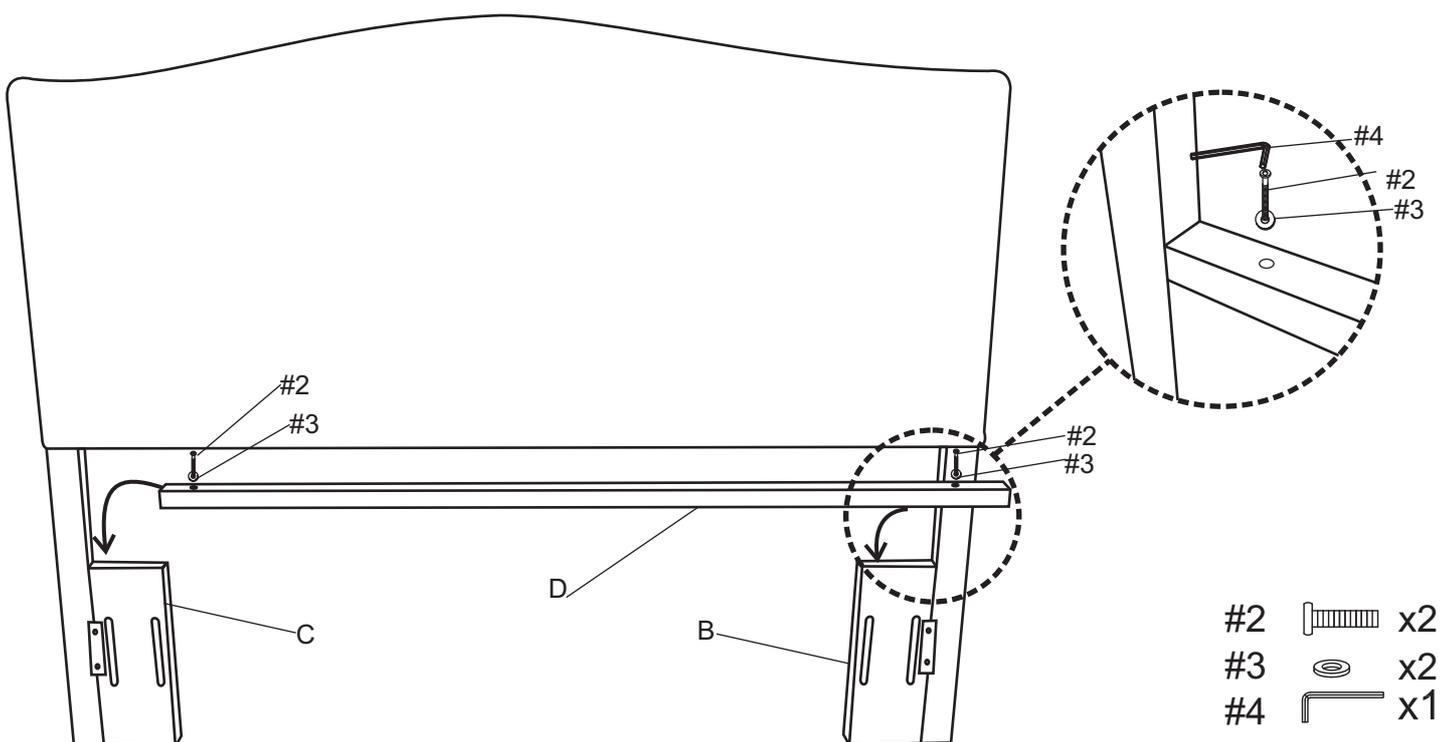

Step 1. Lay headboard panel (part A) upside down on a soft surface, such as carpet. Attach headboard posts (parts B & C) to headboard panel (part A) using short bolts (part #1), small flat washers (part #3) and allen wrench (part #4).

NOTE: Please do not fully tighten bolts until unit is fully assembled.

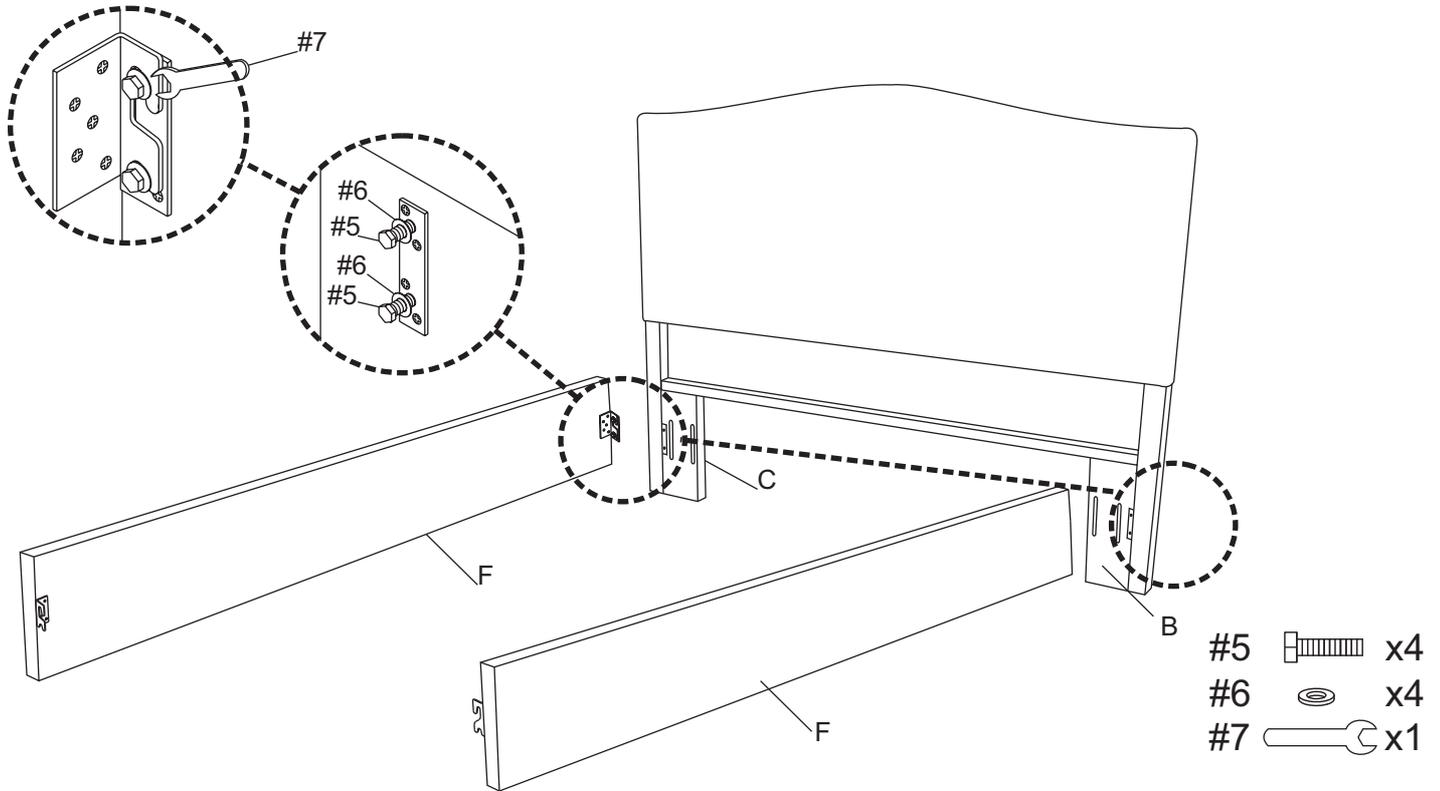

Step 2. Attach crossbar (part D) to headboard posts (parts B & C) using bolts (part #2), small flat washers (part #3) and allen wrench (part #4).

NOTE: Please do not fully tighten bolts until unit is fully assembled.

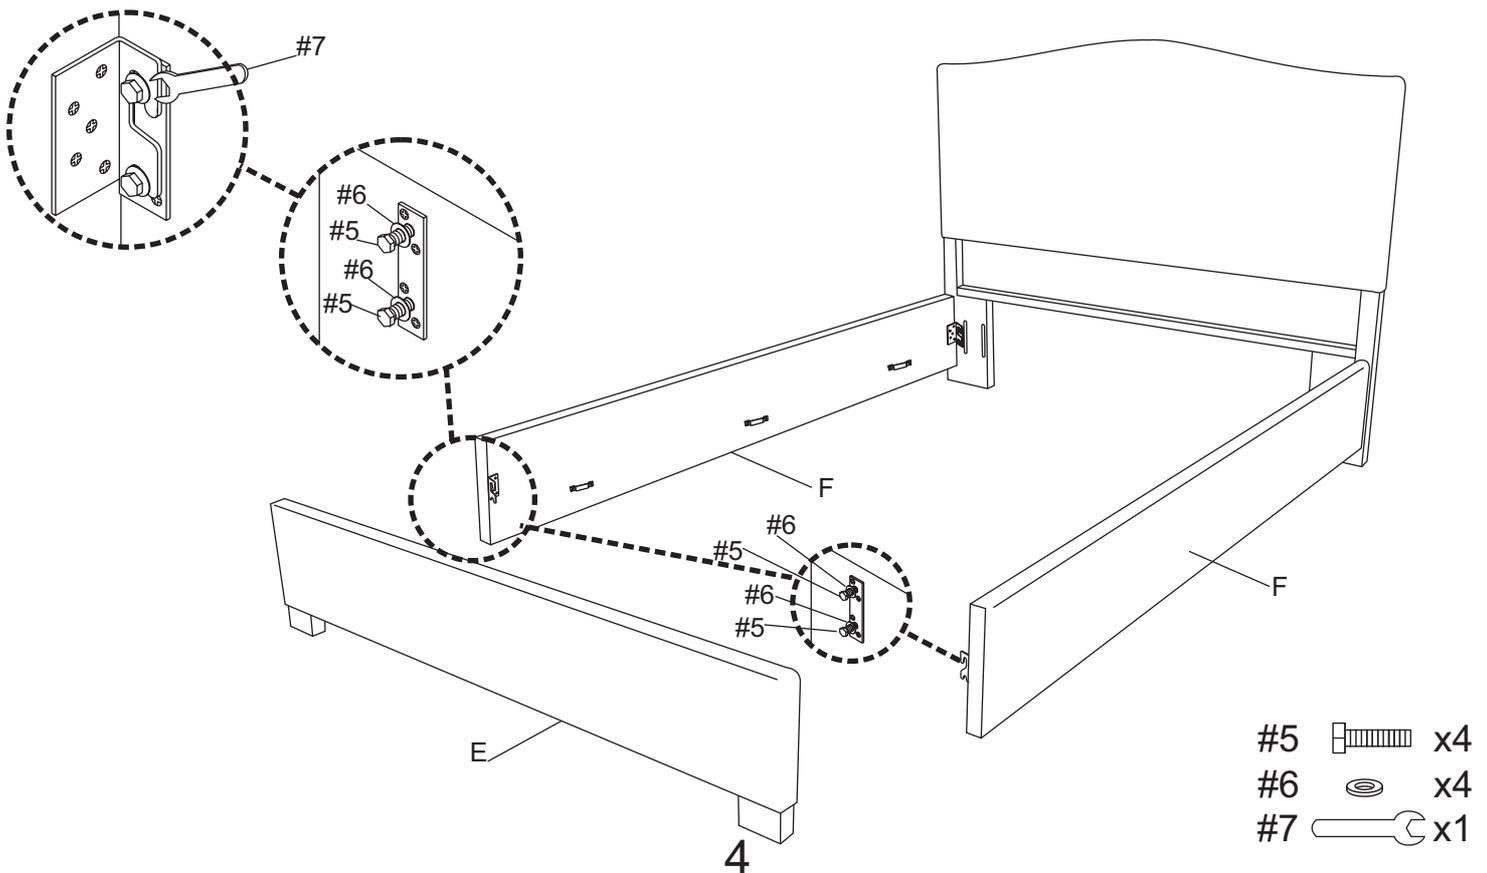

Step 3. Attach side rails (part F) to headboard posts (parts B & C) using hex bolts (part #5), flat washers (part #6) and wrench (part #7).

NOTE: Please do not fully tighten bolts until unit is fully assembled.

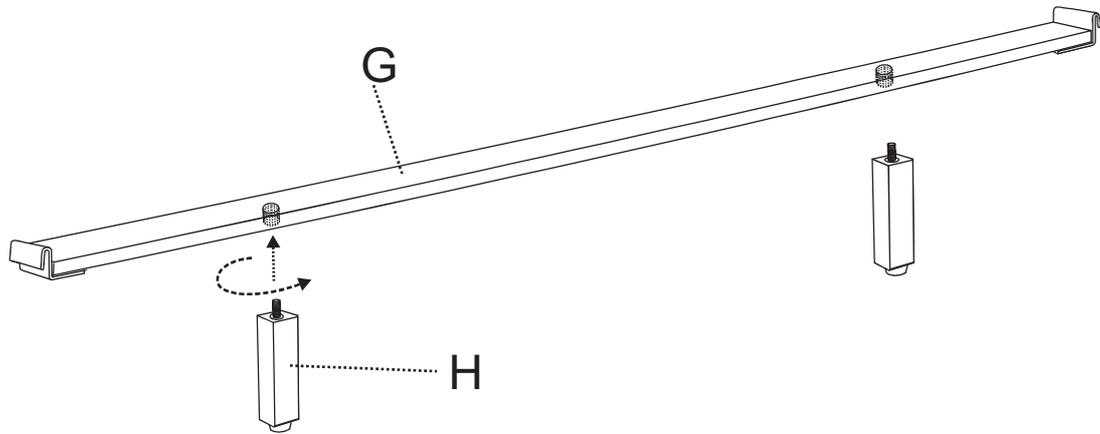

Step 4. Attach footboard panel (part E) to side rails (part F) using hex bolts (part #5), flat washers (part #6) and wrench (part #7).

NOTE: Please do not fully tighten bolts until unit is fully assembled.

Step 5. Attach center legs (part H) to slats (part G).

Step 6. Place assembled unit (parts G & H) to side rails (part F) by fitting metal supports in place.

NOTE: Please fully tighten all bolts at this time.
