100 -Sheet Autofeed Shredder?

Description:

The Member's Mark 100-Sheet Autofeed Shredder is a perfect hands-free shredder suitable for home and office use. What makes this unit really stand apart from other shredders is the auto-feed feature. Just turn on it, lift-up the auto-feed tray and load up to 100 sheets of standard paper into the tray and it will do the rest.

The powerful DC motor drives the micro-cut blades which shred your documents into tiny 0.16 x 0.47 Inches unreadable pieces. You can manually feed up to 10 sheets 20 lb. bond paper or 1pc credit card through manual slot. Support 30 minutes continuously run for the auto feed slot or 10 minutes in the manual feed slot, and the cooling time 45 minutes.

With 6-gallon pull-out waste bin to store the shreds until you are ready to discard them. You can monitor the capacity of the bin with either the front viewing window or the bin full LED indicator. The LED control panel indicates power ready, overheat, overload, door open and bin full.
