Sam's Club Brand Drug List for Plus Members^{*}

Join or renew as a **Sam's Plus[®] Member** to receive exclusive savings on select name-brand medications for Diabetes, Respiratory Health, Women's Health and more!

Brand items valid as of July 12, 2024

List is not comprehensive. See Pharmacist for additional brand-name & generic drug savings.

1. Sam's Club[®] Rx Savings (the "Program") prices are available only at Sam's Club Retail Pharmacy locations and only to Sam's Club Members and Sam's Club Plus Members. An active Sam's Club Plus Membership is required for program eligibility. Such membership must be confirmed before discounts are applied. There are no substitutions.
2. The Program applies only to certain brand drugs at commonly prescribed dosages. Higher dosages cost more. You may obtain prices of branded drugs and dosages covered under the Program at Sam's Club Retail Pharmacies or at **SamsClub.com/RxSavings**. Prices and drugs may change and also may vary by state. Not all formulations of a drug (for example, enteric-coated, extended- or timed-release formulations) are covered under the Program. Program pricing is not available when a covered drug is dispensed as part of a compounded prescription.
3. Under the Program, the price is the price for up to a 30-day supply of certain covered drugs at commonly prescribed dosages as listed. If the prescribed quantity exceeds the stated 30-day supply amount listed, any amount above the stated 30-day supply would price at a prorated per-unit price.
4. Prepackaged drugs are covered under the Program only in the unit sizes specified. Prepackaged drugs are dispensed based on the quantities prescribed and unit sizes in stock at the dispensing Pharmacy. Unit sizes not specified are not covered under the Program. Multi-unit purchases are charged at a per-unit price based on the price per unit size dispensed unless otherwise specified. Prepackaged drugs dispensed in unit sizes not specified may be priced higher, even if equivalent quantities of the drug are available in specified unit sizes. Prorated pricing is not available under the Program for prepackaged drugs.
5. Prices of certain drugs covered by the Program may be higher in some states.
6. Program pricing is limited to select manufacturers of a covered drug and is available as long as supplies from such manufacturers are in stock at the dispensing Pharmacy.
7. Program pricing does not apply to purchases submitted to any health benefit program, pharmacy benefit program, insurer or government health care program. Discount is nontransferable, may not be combined with other offers and is available in-club only. Valid prescription required.
8. The Program and Program details are subject to change without notice.
10. Interpreter Services are available at no cost. Please visit your local Sam's Club for assistance.

Sam's Club is committed to making its healthcare services accessible to all seeking to use them and provides auxiliary aids and services, including language assistance services, to patients at no cost. Sam's Club will not discriminate on the basis of race, color, national origin, sex, age, or disability and will not retaliate against anyone who raises a complaint of discrimination. To raise a complaint or initiate a grievance regarding healthcare accessibility or discrimination, please contact your local Sam's Club pharmacy or optical center. You also have the right to raise concerns or to initiate a formal accessibility or discrimination grievance by contacting either (1) the office of Walmart's Vice President, US Ethics & Compliance (1-800-WM-Ethic or ethics@walmart.com) or (2) the Office of Civil Rights, U.S Dept. Health & Human Services (1-800-368-1019 or OCRComplaint@hhs.gov). See last page for information on the availability of language interpreter services at no cost.
