QUICK SETUP GUIDE

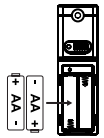

Atomic Forecast Station
with Moon Phase

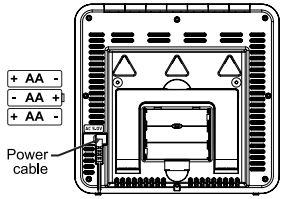

Model: S84107
DC: 080817
www.lacrossetechnology.com/support/S84107

STEP 1: POWER UP

Install batteries into your sensors & station in any order. Plug the included power cord into an outlet and then into the station. The power cord is required at all times.
Note: For detailed instructions on how to power up your station & sensor, please review the full manual.

STEP 2: MOUNTING BASICS

THERMO-HYGRO

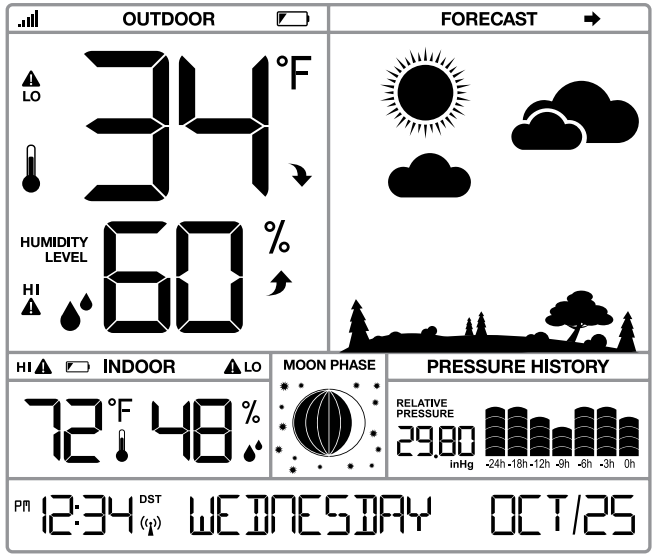

Keep out of direct sunlight & ensure the sensor is well-ventilated. We recommend mounting under a deck or eave facing north.
Watch sensor mounting video: http://bit.ly/TH_SensorMounting

STEP 3: BASIC SETTINGS

Hold the SET button to enter set mode. Use +/- buttons to adjust and SET to confirm.

Setting Order: 1. Language, 2. Beep ON/OFF, 3. Atomic ON/OFF, 4. DST ON/OFF, 5. Time Zone, 6. 12/24, 7. Hour, 8. Minutes, 9. Year, 10.Month, 11. Date, 12. °F/°C, 13. Pressure INHG/HPA, 14. Pressure number

FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Increase separation between equipment & receiver.
- Consult the dealer or an experienced radio/TV technician for help.

This device must not be co-located or operating in conjunction with any other antenna or transmitter.
Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.
Caution!
The manufacturer is not responsible for any radio or TV interference caused by unauthorized changes or modifications to this equipment. Such changes or modifications could void the user authority to operate the equipment.
